Awards

Dean's Honour Roll – Summer Semester 2022 at Langara

Education

Langara College: BA of Science: Computer Science (Sophomore)

Objective

Ready to convert my personal hobby to a professional career!

Thanks to school and lots of personal projects, I've picked up some valuable skills. Now it's time to put them to work – you can check out videos/demos of my projects at www.alexios.ca

Projects

Reddit Clone – React Native App

- Learned full-stack development with React-Native front-end and python backend to create simple basic reddit clone with MongoDB

Mechanic Auto Shop - Website

- Learned full-stack development with React-Native front-end and python backend to create simple basic reddit clone with MongoDB

Card Game (Online Multiplayer) – Unity Multiplayer Game

- Designed and developed a multiplayer card game from the ground up, featuring Unity Netcode integration and Steam functionality

Work History

Recovery Supervisor / Merchandiser – Home Depot

2019 – Current

- Managed a small team of associates, providing supervision and guidance to ensure successful completion of tasks while fostering a positive, safe, and engaging work environment.
- Conducted regular stock counts to ensure accurate inventory levels

Youth Leader – Camp Met

- Learned good communication within other leaders to organize and setup events for youth and creating fun social experiences
