

Alexi Ikonomou

Unity Developer

Junior Computer Science student with 1 year of full-stack experience with tools such as React, Next.js, HTML, CSS, MongoDB ...

I'm excited to work in a team to produce amazing products

Projects (<https://alexios.ca>)

Reddit Clone (React-Native)

Developed a Reddit-clone app using React Native

- Integrated RESTful API with a Python-based Flask server backend
- Utilized MongoDB as the database to store post data and images in base64 format from image uploading from the device's gallery
- Employed state management techniques in React Native to manage and display dynamic data on the home page

Calculator (React-Native)

- Implemented useReducer
